

Legal Counsel 4-8 years' PQE* Bournemouth

Babcock is the UK's leading engineering support services organisation with revenue of circa £3bn and a workforce of over 25,000 skilled employees who design, build, manage, operate and maintain assets that are vital to the delivery of many key public services both in the UK and overseas.

An exciting opportunity has arisen for a lawyer to join the Defence & Security Division. Reporting to the Divisional Head of Legal, this is a full-service role which will involve a range of activities including: support to bid teams; projects and long term commercial contracts; dispute resolution; governance and compliance; and support to corporate activity at a Divisional and, when required, Group level.

You will provide support across the Division, with a particular focus on the Infrastructure business which delivers a range of property-related services to defence sector customers. As such, whilst based in Bournemouth, you must be comfortable with a role which will entail regular travel to Bristol.

In return for a competitive salary and benefits package, we are looking for a resourceful, hands-on individual who is comfortable advising senior executives and experienced commercial colleagues as well as providing commercial, pragmatic advice on a full range of issues. A solid law firm background and experience of long term outsourcing and/or projects would be beneficial as would a working knowledge of public procurement rules.
